

Public Safety

Public safety departments are essential components of Leetsdale's infrastructure, responsible for ensuring the safety and security of the community.

Our borough's public safety departments consist of the Police Department, Fire Department, and Emergency Management. The Police Department is responsible for maintaining law and order, investigating crimes, and responding to emergencies. The Fire Department is responsible for preventing and responding to fires, as well as providing rescue services in various emergency situations. The Emergency Management department plays a critical role in coordinating and managing the borough's response to disasters and emergencies.

In our efforts to provide reliable communications with residents and businesses in the borough, Leetsdale has subscribed to Rave Alert emergency notification.

Rave Alert is a leading FedRAMP-authorized mass notification system enabling governments and organizations to make phone calls and send messages to specific people or areas in the event of an emergency or for sharing important information. All the calls you receive will have the Caller ID of Leetsdale Borough or Leetsdale Borough Police.

Learn more about these departments and services, and subscribe to notifications here:
